

Maharlika ES welcomes learners for SY 2023-2024

By Elvie D. Curro

As the school year 2023-2024 approaches, the teaching and non-teaching staff of Bislig 3 District gathered together for a revitalize August 29- the first day of the school calendar convened learners in the Flag Raising Ceremony with the presence of SEPS Esmael P. Endaya to monitor the attendance and school readiness. Part of the program was giving of school supplies to transferred-in learners as an advocacy of project ENROL. Parents joined the opening of the first day of class showing support to their first grader children.

Teachers are ready to welcome the enrollees this school year. After having a hard time in the classroom preparation in compliance with DepEd Order No. 21, series 2023 that all classrooms should be free from “unnecessary materials and it should be bare walls” to avoid destruction of learning.

The regional monitoring team headed by DepEd RO Maripaz F. Magno together with ASDS Jasmin R. Lacuna conducted the school readiness of the institution and provided TA for a better learning environment. The regional visit recognized the school’s effort in terms of school readiness as well as the cleanliness and green vegetation within the premises.

MATATAG platform made this school year a better learning environment with up-skilled teachers and supportive stakeholders monitored by a proactive division that ensures quality education.
